DIVISION OF  
OIL, GAS & MINING

Dear Mr. Jacobs:

On November 26, 1986 you received a certified letter from this office stating that Rush Valley Enterprises had failed to reclaim two exploratory mining operations in the Five Mile Pass and Tub Hill areas of Tooele and Utah Counties. A recent compliance exam of the area indicated that no rehab work had been completed on either disturbed site since the letter was written; therefore, this letter is a "Notice of Noncompliance" in accordance with 43 CFR 3809.1-3.

As previously stated in the letter of 1986, reclamation for the Tub Hill project, (BLM file number U27-81-11N) shall include removal of concrete pads and iron pipes, recontouring of the pit, and reapplying topsoil and reseeding of the disturbed area with a seed mix provided by the BLM.

Failure to comply with this notice within 30 days from receipt will constitute justification for requiring the submission of a plan of operations under 43 CFR 3809.1-5 and mandatory bonding for subsequent operations which would otherwise be conducted pursuant to a notice under 43 CFR 3809.1-3.

If you have any questions concerning this matter, feel free to contact Rick Stamm of this office at 524-5348.

Sincerely,

Deane H. Zeller  
District Manager
